What has this TA done that has been most helpful for you?

He has told me a lot of simple examples to illustrate those implicit concept and help me figure out how to differentiate them. Very useful. ;Explaining the parts where i cannot understand;;Assistance during Labs was great.;Really good at explaining concepts in an efficient way. ;i was very confused with how to set up a zyLab one week and Chi was very helpful on helping me get started.;He is always willing to answer any question during lab, and even goes above and beyond in explaining exactly why something is the way it is. I felt like I left discussion learning something new and exciting every week.;He helped me with the homework during helping hours. ;Whenever I don't understand something, he won't linger on my cluelessness. Instead, he would instantly explain what I don't understand.

How could this TA improve to provide you and other students with better assistance in the future?

N/A;better drawing for the charts;;;Ask the student more question about what he or she did rather than explaining the whole thing.;;Keep being you, Chi!;;nothing.
